With the close of this season Theta Deuteron charge of Theta Delta Chi rounds out the thirty-fifth year of its existence at the Institute... firmly established by the National Organization, whose stated purpose is to maintain conservative expansion by establishing charges only in colleges and universities conducive to the fraternity spirit, the charges look with pride on a long record of harmonious and friendly achievement in activities, scholarship, and social functions...

Aided by a convenient location at 314 Memorial Drive, Cambridge, Theta Delt are much in evi-

...keep their time occupied in the gameroom...

dence in Institute extra-curricular circles... Brothers Jack Heist and Bill Schwindler take their recreation in the A.A. offices and with the M.I.T. teams

...Jack manages the mermen and Bill's activities are concerned with the wrestling team... then there are the assistant managers, Ray Wyland, Bill Hense, and Bob Crosby, who strive for the glory of track, crew, and lacrosse respectively... brothers of Theta Delt are to be found on the staffs of all four Institute publications.

Three formal dances were staged this year under the guidance of Bill Hense, social chairman par excellence... judging from the enthusiasm displayed by those who attended, all were highly successful... a Fraternity Birthday celebration, a New Year's party, the Pledge Dinner, and informal dances and smokers of every variety rounded out social life for the year...

The aims of the charge are to foster friendship, develop personality, assist in orientation, and induce cooperative living... since scholarship represents a primary responsibility to parents and to the men themselves, everyone strives for the maintenance of a serious attitude toward study.

There are many alumni associations in different sections of the country... fifteen of these associations are chartered by the grand lodge and are thereby permitted to send a representative to the annual convention.
